➤ 10000 FPO Scheme

The Government of India launched the Formation and Promotion Scheme of 10,000 Farmer Producer Organizations (FPOs) in February 2021 to promote and create new FPOs. The scheme aims to strengthen the economic condition of small and marginal farmers by organizing them. Under this scheme, Farmer Producer Organizations (FPOs) have been created which provide various types of services and resources to the farmers.

Key points of the scheme:

- Formation of FPO: 10000 new FPOs will be formed, which will include small and marginal farmers.
- Financial support: FPOs will be provided financial assistance by the government so that they can run their operations smoothly.
- Technical support: Farmers will be provided training on the latest agricultural techniques and methods.
- Market access: Through FPOs, farmers' products will be facilitated to reach the market, so that they can get better prices.

Benefits:

- Increase in quality and quantity of farmers' produce.
- Reduction in production cost.
- Direct access to market and better price realization.
- Contribution to community and socio-economic development.
- The main objective of this scheme is to improve the economic condition of farmers and make them self-reliant.

➤ Atmanirbhar Krishak Samanvit Yojana:

The aim of Atmanirbhar Krishak Samanvit Yojana is to make farmers self-reliant and empowered. Under this scheme, farmers will be trained in modern agricultural techniques, advanced seeds, organic fertilizers, and water conservation methods. Apart from this, farmers will also be helped in reaching their products to the right market so that they can get a fair price for their hard work. The main points of this scheme are as follows:

- Provide information about new and advanced agricultural techniques.
- Provide training to farmers on modern methods.
- Ensure availability of advanced seeds.
- Teach the use of organic fertilizers and pesticides.
- Help farmers find the right market for their products.
- Help in marketing and branding of products.
- Technical and financial support to solve the problems of farmers.
- Advancement of farmers with the help of agricultural scientists and experts.
